

MOSAIC REMAKE

Decorative design panel made from 100% recycled PP

Our iconic Mosaic gets a sustainable makeover! Crafted from 100% recycled polypropylene, it breathes new life into plastic waste. Explore our vibrant new color palette and create stylish spaces with a conscience. Choose Mosaic Remake, be part of a more sustainable future.

Benefits

Mosaic Remake takes everything you love about our iconic Mosaic product and elevates it to a whole new level of sustainability. Crafted entirely from 100% recycled polypropylene and 100% recyclable, this innovative design breathes new life into plastic waste, making it a responsible choice for your garden.

But the eco-friendly features don't stop there. The new Mosaic Remake boasts the highest GARDEN SCORE within our entire range, a testament to its commitment to environmental responsibility throughout its lifecycle.

With the same beloved design as the Mosaic, the new version seamlessly integrates into your existing aesthetic while offering a significant environmental benefit. It's a win-win for both style and sustainability!
