

NORTENE®

HIVERZIP

(Over-) wintering covers

As well as retaining heat efficiently, this overwintering cover is very easy to set up. Unlike some traditional covers, this one has a zip closing and a draw cord to secure tightly around the plant pot.

Benefits

Protects potted plants and shrubs from the cold, wind and hail. Overwintering hoods are air and water permeable and let the light in. Good heat insulation: creates a microclimate and retains accumulated heat. Ideal for protecting potted plants and shrubs. Easy to set up, simply place over the plant.

Characteristics

In 50g/m² and 70g/m² non-woven polypropylene. UV resistant.

Ref.	Size.	Color	Weight (g/m ²)
110053	2 m x 1,80 m Ø 1,25 m	○	50
