

NORTENE®

FLORA ROLL FACTORY

Rolling support for plants

This metal support with a metallic finish is riding the “industrial” atmosphere trend. Guaranteed workshop or loft look effect!

Benefits

For easy and effortless movement of potted plants, indoors or outdoors. Accepts a load of up to 80 kg.

Characteristics

Metal, material 2mm thick. Black epoxy coating. Non-slip surface, tread-plate. 4 welded and screwed wheels, 2 of which have brakes.
