

# ECHELLE METAL

## Metal trellis support

Very practical for staking twining and climbing plants, this ladder stake offered by Nortene is also rust resistant. Available in different colors, these give it a decorative effect that makes it an essential element for the trellising of plants.

### Benefits

Allows plants to climb against a wall or in a pot. Rust resistant.

### Characteristics

Metal with Epoxy paint. Wire diameter 4.9mm. 2 colors. Made in France.
